I. Roll Call

II. Old Business

- a. STEM Site revisit – The teachers voted to not do the 2nd STEM visit because the charter is not being renewed through Cobb County. The certification would not remain with a different authorizer. Ms. Oduselu requested that in the future she be kept in the loop.

III. New Business

- a. Standards – Ms. Walker report they are following the scope and sequence with Cobb County. Teachers submit lesson plans on Monday morning to school leadership to ensure they are following standards. If there is a lesson plan is not, leadership follows up with teachers. The committee discussed teacher/parent communication.
- b. TKES Mid-Year Completion – They are nearly complete and will be complete by the end of this week. Additionally LKES has been completed. The committee discussed the reporting technology improvements.
- c. The committee discussed closing out the contract with Cobb County.

- d. Ms. Oduselu thanked the committee for the work they had done.
- e. Mr. Crowder told the committee the school has had some issues with NWEA data and technology and he has been working with NWEA to correct. NWEA notified Mr. Crowder there has been a data corruption issue. They are hoping to resolve it. If so, they will have map testing results to present at the next committee meeting.

IV. Next Meeting – February 11, 2020 – 8am
